

Have you ever broken into tears when something wonderful happens to you? Leaving the The Amani Institute family now is very difficult for me. I have never seen such a group of people.

I am just reading letters from them before entering the plane to Benin for 2 days flight with one night in Ethiopia and Nigeria:

From the founder Roshan Paul (HARVARD BUSINESS SCHOOL):

Brother Damien,

Thank you for choosing Amani to be part of your journey. I am honored to have gotten to know you and be part of your journey. You are one of the young leaders changing Africa and leading it into the 21st century. You already have an inspiring legacy and I am very excited to see it grow and for others to also be inspired by your story, like I have been. Keep going and keep "being the change." I am with you.

From our dear Haina Rabbat (Director of Amani Institute in Brazil):

Dear Damien Mouzoun, Thank you for bringing something new to the group. It was nice to hear the different perspectives you had to contribute. Follow your passion and values and you will reach far...

From my comrade Jesah Segal,(USA):
